Roband Australia Pty Ltd. ABN 34 864 327 105

* The original configuration for these models excluded the pans. The "Revised Models" reflect the inclusion of a set of 1/2 size 65 mm pans. This development has resulted in a significant reduction of the number of product configurations/skus that are on offer (refer column "Discontinued Models"), with the aim of improving the ease and simplicity of raising product orders.
