

Double Skinned Hot Water Urns

Robatherm Hot Water Urns are stylishly finished and designed for commercial use. The Urns feature a unique mode selector switch that allows either variable or pre-set temperature control, providing ultimate flexibility and ease of use.

With the mode set to variable, the temperature can be controlled across a wide range via the graduated knob. Variable mode will suit those users who require warm or boiling water for their special application.

Switching the mode selector to pre-set will fix the temperature at 95 °C, the optimal temperature for most applications involving tea and coffee. Using pre-set mode offers a fast and easy setup, achieving consistent temperatures every time. Adjustment of the knob in pre-set mode has no effect on the temperature setting of the urn - it remains constant at nominal 95 °C. This prevents continuous boiling and excessive consumption of energy.

FEATURES

- Mode selector switch for either variable or pre-set 95 °C temperature control
- Available in 10, 20 or 30 litre sizes
- Double skinned tank construction for safe side temperatures, less than 50 °C
- Long life concealed elements allowing easy cleaning inside the urn
- Stylish brushed finish stainless steel exterior
- High grade 304 stainless steel inner tank
- Sturdy stainless steel non-drip tap
- Twist-lock lid with steam vent
- Sight-glass with cup capacity graduations
- Boil dry protection

Sturdy stainless steel non-drip tap

Double skin tank with concealed element

Variable or pre-set temperature functionality

SPECIFICATIONS

MODEL	CAPACITY* Cups (160 ml)	POWER Watts	CURRENT Amps	DIMENSIONS dia. x h (mm)
UDS10VP	50	2300	10.0	240 x 480
UDS20VP	120	2300	10.0	330 x 550
UDS30VP	160	2300	10.0	330 x 645

*Approximate capacity.

Percolator

The Robatherm Percolator, arguably best in its class, has been cleverly designed to deliver outstanding percolated coffee or tea in a simple to use fashion and with minimal parts to clean. Whilst the taste of the finished beverage speaks for itself, it's the elegant style, double skin construction with quality components such as a stainless steel tap, twist lock lid and sturdy handles coupled with the simple and effective coffee/tea basket design that sets this percolator apart from the competition.

FEATURES

- Double skin construction – reducing external touch temperatures
- Simplified and effective basket ensuring minimal parts to clean and preventing coffee granules or tea leaves from entering drink to be served
- Patented “safety dome” ensures a great tasting beverage and reduces risk of scalding if lid is inadvertently removed during percolation cycle
- Simple on/off operation – separate percolator element delivers coffee or tea whilst warming element keeps the beverage at serving temperature during and after percolation cycle
- Sturdy high-quality non-drip stainless steel tap
- 12.8 litre, 80 (160 ml) cup approximate capacity
- Twist lock lid with quality handles
