

1.4 Litre Advance® Container (One piece lid)

Model: VM58669 (Clear), VM58991 (Purple), VM58990 (Orange)

Greater Efficiency and Speed of Service

The Advance® container creates faster, smoother pouring and has a longer container and blade life.

Features

- Unique shape and design improves pourability, resulting in time and cost savings and an improved speed of service
- Built-in, dripless spout means less mess and waste
- Superior durability with double sealed bearings, provides a longer blade life
- Shatter-proof polycarbonate stackable container complete with Advance® blade assembly and one piece lid
- Operates with current machine programming or allows for new, more efficient programming
- Size 1.4 litre
- Available in clear, purple or orange colours with matching lids for different ingredients to reduce chances of allergen cross-contact
